

# MISS. VALLEY ASSOCIATION

Meeting of Coast Business Interests  
in Above Behalf at Gulfport  
on October 8th.

Gulfport, Miss., Oct. 1.—A meeting of the business interests of the Mississippi Valley Association, in behalf of the activities of the Mississippi Valley Association, was held at Gulfport on October 8th, according to information received from L. M. Shephard, secretary of the Chamber of Commerce of that city, who is making the preliminary arrangements for the meeting.

It is planned to have a representative body of business men from the Mississippi Valley attend the meeting and invitations numbering approximately 100 are to be sent out to the national headquarters of the association at St. Louis urging their attendance.

The meeting is preparatory to one to be held at a later date at which the counties of Pearl River, Harrison, Stone, George, Hancock, and Jackson will be organized into a league to carry on the Association's activities, and forms a part of a campaign now being conducted by the Mississippi Valley Association to combine the entire territory served into one force, a medium to secure legislation beneficial to the Mississippi Valley as a whole.

J. B. Morrow, managing director of the Association, with headquarters in St. Louis will be the principal speaker at the meeting. He will explain the definite appropriations have been made by the government for the development, and his Association's policy for the future in securing the completion of the inland waterways, as well as the water projects that the cities of Pascagoula and Gulfport are locally interested in.

The full development of inland waterways as a means of transportation is a specific objective of the Association, and a special attempt is to be made to organize the territory served under the next session of Congress so that force may be added to the Association's demands for legislation that will not only prove adequate for the immediate completion of these approved projects, but provide for their continual maintenance and upkeep for all time to come.

The Association is to increase its force in this respect through a combination of mergers of other river associations with the Mississippi Valley Association. The first of these combinations is that of the Mississippi Valley Waterways Association, the plans of which were worked out at a meeting of the Board of Directors of the Valley Association and representatives of the waterways association held in St. Louis, September 1. The plans now await the approval of the board members of the waterways association before the merger is finally consummated. James Smith is president of the waterways organization, and if the merger is brought about he will head the waterway division of the Mississippi Valley Association.

Another activity to be stressed by the Association is a greater use of the Gulf port cities for foreign shipments.

In speaking of the value of such an organization to the business interests of the Mississippi Valley and the good that it can accomplish in its successful operation, Mr. Shephard states:

"The Mississippi Valley Association was formed because its services are needed. This organization is the heart of the Valley. It is a medium of cooperation, better acquaintance, good fellowship. It is a vehicle for trade, promotion and publicity for the Valley interests. Its service and influence will reach and benefit every individual in the Valley through the coordinated effort of commercial and industrial organizations, business men and private enterprises, large and small.

"With a life's history of less than ten years, the Association has to its credit a record that is a credit to the state and to the nation. It produces over ninety per cent of the iron ore and more than 90 per cent of Uncle Sam's wealth."

## OIL NOTES.

The Seacoast Oil Co. has suspended drilling temporarily in order to set eight inch casing. The depth reached is 2398 feet. The company has on hand but 2,000 feet of eight inch casing and additional casing was shipped from Shreveport in ample time to reach here when needed, but the storm of last week put the L. & N. Railroad out of commission and the casing is tied up in New Orleans. It was to have been shipped out on a schooner for this place Tuesday, but the hurricane in the Gulf held the schooner in port. It will probably arrive here today or tomorrow.

The Georgia Company is reported still drilling, but no information is obtainable as to progress being made.

There is still talk of a well being put down by the Pitts interests, several miles north of the Georgia well.

Leases are still being sought south of the L. & N. Railroad and east of town for a well to be put down either by the Georgia Co. or interests associated with them.

**"CHO CHO" VISITS PASCAGOULA.**

"Cho Cho," a real live circus clown, came to Pascagoula Wednesday and entertained and talked to the children at Central High School and the Convent school in the afternoon. "Cho Cho" is connected with the Child Health Organization of New York and was lent to the Mississippi Tuberculosis Committee of Mississippi to assist in child health work in this state. He has been in this state four weeks and says he would like to make it four months, if he could put in the whole time on the coast, which he thinks is the most delightful spot in the United States. "Cho Cho" has been in this work for the past two years. He was formerly a clown in the Barnum & Bailey circus. He gains the undivided attention of the children by his funny clown antics and then instructs them in matters of health and hygiene. Divested of his clown make-up he is not a bad looking fellow. He is widely informed, a good talker and sincerely interested in his work.

The Two Table Bridge Club was delightfully entertained at the hospitable home of Judge and Mrs. C. E. Chidsey on last Friday afternoon when their lovely young daughter, Miss Hazel, was the charming hostess. Several guests participated with the club members in the pleasant afternoon and three interesting games of auction were enjoyed, following which Miss Chidsey, assisted by her mother, served a delicious plate luncheon of salad, sandwiches, iced tea and candy. The club prize, a bottle of fragrant Dier Kiss perfume, was won by Miss Hattie Belle Meriwether, and the guests prize, a lovely beaded necklace, was won by Mrs. J. T. Hairston.

Mr. Ralph Delmas, who is now connected with a big oil company at Tulsa, Okla., left Wednesday for that place, after a week's visit to his mother and brothers here.

Mrs. J. C. Watt returned last Sunday from a delightful visit at Hattiesburg with her father, and at Laurel with her daughter.

Mr. and Mrs. A. Bernstein are moving their stock of goods and opening a store in Mobile. We understand the closing of the Pascagoula store will be only temporary, as they plan reopening same about the first of December.

Mr. Harold Bugge who has been in Galveston, Texas, for the past several months, arrived home last week and will make arrangements to move his family to that city in a few days.

Mrs. Ivo Schiavon and baby spent Tuesday in Mobile.

In each of the commodities already mentioned.

"The fact that the Valley states have a majority of forty-five votes in the electoral college and fifty-three per cent of the voting strength of the whole United States, is evidence enough of the need of the Valley interests for such an association to secure legislation that will be beneficial to the Valley interests as a whole."

The revival services under the leadership of Rev. C. M. Chapman of Poplarville will begin Wednesday evening at 7:15 o'clock. Day services will be announced later. The members are urged to attend and the public are cordially invited. Special music.

Mr. Sam Denny spent the forepart of the week in Mobile.

Dr. F. A. Williams is in Mobile this week where he recently underwent an operation upon his face. He hopes that to be home the latter part of the week. Dr. E. F. Colley accompanied him to the city and Mrs. Williams spent Sunday with him at the infirmary.

Another baby girl arrived Sunday to gladden the home of Mr. and Mrs. Abb. Irvin.

The remains of Loyd Bilbo, who died at the Government Hospital in Alexandria, La., Friday, Sept. 23, reached here Saturday evening and was carried to the home of Capt. and Mrs. A. Q. Hunt. The funeral services were held at the Baptist church at three o'clock Sunday afternoon, conducted by Rev. Bruce. The untimely death of young Bilbo, who had attained the age of 22 years and 9 months, occasioned much sorrow among relatives and friends here. He was born in Fountainbleau, but his parents having died in his early childhood he has made his home with his uncle and aunt, Mr. and Mrs. A. Q. Hunt for the past twelve years. Loyd volunteered for service and was in training at Camp Martin, N. C., but did not see active service. He had been in ill health for a number of years but was only confined to his home the past several months. Hoping that a cure might result he was carried to the government tuberculosis hospital in Alexandria some two weeks before his death. He was a consistent member of the Baptist church and ever faithful in the discharge of his duties. His remains were laid to rest beneath a mound of lovely flowers in the Maplelawn cemetery. He leaves two sisters, Miss Ruth Hunt and Miss Annie Bilbo of Biloxi and one brother Allen Bilbo.

# MEMORIES OF OLD PASCAGOULA.

By UNCLE MARTIN.

The Star of January 25, 1874, published the following from the Sea Coast Republican: "During a short trip we made to Pascagoula, we could not fail to be struck with the appearance of thrift and business that the place presented. At no other place on the coast have we seen such indications of business. We saw 17 large vessels in the harbor, loading with lumber, some of them with 500,000 feet. Mr. W. H. Gillespie, the accomplished and efficient deputy collector of the port, is kept constantly busy with the accumulating business, and we understand from the U. S. Special Treasury Agents that the books of the district are kept in the most admirable order. We met there also accidentally Mr. Ben Lindsey, son of the collector of the port, who attends temporarily to the business during his father's illness, and were pleased to hear that he is fast becoming popular with all who have dealings with him. What Pascagoula seems to need, is deepening of the bar, more steam tugs, and a horse car railroad to Dog river. She has had those three things, we would move our paper there immediately.

On which the Star comments as follows: "We are glad to learn that our confrere at the other end of the coast line is so favorably impressed with Pascagoula, and are sorry that he should not have told us before, the three things needed by Pascagoula which alone kept him from moving his paper over here, that we might have endeavored to have them immediately supplied. But we take pleasure in informing the Republican that we have been talking somewhat of deepening (the water on) the bar; that another steam tug has just arrived from Chicago; and well we attend immediately to the horse car railroad, that he shall not be kept from us any longer."

Another communication from the Cross Roads Ferry: "The Ms. is written in pencil, but the author excuses, as an old fox had carried off his grey goose and there are no steel pens in that country."

The Star of January 18th, 1874 observes that newspapermen never grow too set in their ways to avoid sociability. "The young men of Scranton, famous for 'tripping it on the light fantastic,' invited us to a soiree at Mrs. Riley's on Madame Charpiaux' place, on Friday evening; but a promise to attend the entertainment at Zion Church across the river, prevented our attendance. We are sorry they should have conflicted."

Under the same date the Star editorially notes that "The Meridian Gazette will hereafter be published semi-weekly, instead of tri-weekly as heretofore. The paper has gone into new brick quarters and is altogether in a comfortable condition. It shows signs of being appreciated and well supported, and we take pleasure in congratulating Col. Cooper upon the success of his Gazette."

This bon-mot is excerpted from the Star of Jan. 18, 1874: "The Bourbonville, Ky., Mountain Echo says that the following is a true copy of a letter received by Judge Randall, of the Knox County Court, a few days ago from the county Judge of... County: "Mr. Charles P. H. Randle sir I am in sick bed I wish my Case Continue I am the name Evidence to Explain the hole Truth I hope all will Berite this 23d, 1873."

The Star is responsible for this: "Last week, in Ohio, a young lady died from what a round-headed doctor said was 'heart klot or embolism of the main vein of the heart,' but she revived an hour, and it was found had been temporarily choked by a chew of gum which she had swallowed."

Mr. Carl Carlsen, who has been in New Orleans for the past several weeks, is here on a visit to his wife. Mr. Carlsen will leave in a few days for Mobile where he has secured a position.

Mr. Forrest Johnson, Jr., returned home Tuesday from Houston, Texas, after an absence of over six months. Young Johnson is contemplating a course in technical training at one of Southern universities.

Capt. S. H. Bugge returned to Mobile Thursday to take command of a Cuban liner.

Of Mobile, besides Capt. and Mrs. Hunt who regarded him as a son, and numerous other relatives to whom the heartfelt sympathy of the community is extended.

Mrs. H. B. Overstreet and little daughter returned Thursday from a ten days visit to Mr. and Mrs. McCullum in Tylertown.

**GOVERNMENT ASKS BID ON 285 SHIPS.**

Washington, Sept. 27.—A fleet of 285 wooden steamers, totaling 994,235 deadweight tons, was offered sale today by the Shipping Board. The sale will be private and bids will be received until October 8. This is the third time wooden vessels have been offered for sale by competitive bidding, but the other two attempts to dispose of part of this wartime fleet were unsuccessful.

Bids must be accompanied by certified checks for 25 per cent of the amount bid and the terms of sale call for 10 per cent cash on delivery with the balance in equal semi-annual installments over a period of three years.

Most of the board's wooden fleet is laid up in the James River, Newport News, Va.

Major Charles R. Dalbey, chief quartermaster National Guard, with headquarters at Jackson, was here Monday in the interest of reorganization of this protective service. The National Guard under state organization proved to be the mainstay of the army at the outbreak of the world war. Major Dalbey has charge of the property and disbursement of funds for the United States in the State of Mississippi. He has met with signal success in all the coast cities.

Mrs. W. R. Bilbo of Ocean Springs was in town Wednesday visiting relatives and friends.

Mr. and Mrs. J. J. Delmas and three children of Orange Grove, were the week-end guests of Mrs. L. P. Delmas and family.

## DEATH OF H. W. LEAR.

Mr. H. W. Lear, aged 63, for many years a resident of this city, died at the home of his daughter, Mrs. D. C. Cary, in New Orleans, Tuesday, Sept. 28, at 10:15, after an illness of about one year. He was a native of Louisiana, but came to this county about fourteen years ago, purchasing a place near Kreole. Later he moved to Pascagoula. He had been in failing health for some time and several months ago went to New Orleans to secure medical treatment.

Mr. Lear was a gentleman of the old school, kind and courteous in manner, scrupulously honest and numbered his friends by his acquaintances. News of his death will come as a shock to his many friends here. He is survived by two brothers; three daughters, Mrs. D. C. Cary and Mrs. W. B. Brinkman of New Orleans, and Mrs. Emma Krebs of this city; two sons, Mr. Duke Lear of Pascagoula and Cecil Lear of Mobile, besides numerous other relatives.

**MARINE NOTES.**

The Cuban liners Dustin G. Gressy, Capt. C. H. Publicover, and Delta, Capt. C. H. Bruce, outstripped the northeast gale and arrived in port Wednesday afternoon from Havana, Cuba. These home schooners have made several successful voyages to the prosperous island. The former vessel is now loading lumber for Havana.

The American schooner C. W. Mills cleared Thursday for Havana, Cuba. This home vessel is freighted with lumber from the L. N. Dantzier Lumber Co.

Bright crisp weather favored the sailing of the British schooner E. A. Sabean in the week-end for Havana. The old "water-wagon" Susie B. Dantzier will load lumber for Vera Cruz, after undergoing repairs at the Gulf Ship Company's yard.

Mr. F. L. Watts, chasier of the Pascagoula National Bank for the past eighteen months, resigned this week to accept a position with the Monroe Grocery Co., wholesale grocers, of Monroe, La., and left Tuesday for his new post. F. L. is one of Pascagoula's most promising and popular young men and his departure is regretted by a host of friends, including officials and patrons of the bank, who wish him every success in his new field. His successor as cashier of the Pascagoula National Bank has not yet been named.

**FIRE AT DANTZLER'S.**

Fire at the Dantzier Lumber Co. "big mill" across the river at Moss Point Wednesday night about 10 o'clock destroyed the slab conveyor and slasher saws. The fire for a time threatened destruction of the mill, lumber yard and shipping in the river, but by herculean efforts was extinguished with but moderate loss.

The tropical storm, which loomed around in the Gulf and threatened this section of the coast for several days this week, took on a sudden spurt Wednesday night, striking inland near Apalachicola, Fla., crossing Georgia and thence up the Atlantic. The storm was of moderate intensity and the damage to the sections traversed was slight. On the heels of the storm came a "norther," a record breaker for the season of the year, the temperature going down to about 50 Thursday morning.

A highly satisfactory meeting of the Elmer Grant Post No. 56, American Legion was held Monday night at the K. of C. hall in Pascagoula street. The Post elected Lieutenant O. E. Rols, Post Commander to succeed Lieutenant Guy D. Dean, resigned. The Victory medal which the Government presents to each soldier was discussed and steps taken to secure the trophy for the entire membership. A circular relating to the reorganization of the National Guard was read at the meeting.

Mr. J. Hatkinson and his sisters, Mrs. Courtney and Miss Hatkinson, who have resided in Pascagoula for the past several years, during the operation of the International Shipbuilding plant, left this week for their future home in Mobile. During their brief residence here this charming trio of brother and sisters have become prominently identified with the social and business circles of this city, and their departure is greatly regretted by numerous friends.

After a visit of a week here with W. M. Denny and family, Misses Emily and Minnie Randall returned last Saturday to their home in New Orleans.
